Experience

Freelancer

Web Designer • johanesburg

02/2021 - 08/2024

- As an avid web design enthusiast, I have cultivated a deep understanding of both the artistic and technical aspects of creating engaging and user-friendly websites. My experience spans from designing personal projects to collaborating on small-scale web development tasks, allowing me to develop a diverse skill set in web design

iCEP

Mobile Application Developer • Pretoria

02/2023 - 03/2024

- Integrated third-party APIs into mobile applications, enhancing their functionality and usability for endusers.
- Increased app store ratings by consistently addressing user feedback and implementing improvements in subsequent updates.
- Ensured application quality by conducting thorough testing prior to release, identifying and fixing bugs.
- Developed user-friendly mobile applications by incorporating intuitive design and seamless navigation features.
